Dear Chair and Members of Toronto and East York Community Council,

**Re: Implementation of Permit Parking Beverley Street, between D'Arcy Street and Baldwin Street**

In 2019, my office received a petition supporting the implementation of permit parking on Beverley Street, between D'Arcy Street and Baldwin Street.

This block has residents without any access to off-street parking and as a result require street parking to meet their parking needs. During the polling process, the number of required ballots was not met even though those who did vote, voted in favour of implementing the program.

I am seeking an exemption from the requirements of subsection 925-4B of City of Toronto Municipal Code Chapter 925, Permit Parking as the residents that did vote, were in favour of implementing the permit parking program and the total was only 2 received ballots shy of meeting the required threshold.

**Recommendation**

1. City Council exempt the implementation of Permit Parking on Beverley Street, between D'Arcy Street and Baldwin Street from the requirements of subsection 925-4B of City of Toronto Municipal Code Chapter 925, Permit Parking, until such time as Toronto and East York Community Council considers a request for implementation of Permit Parking at this location.

Thank you,

Councillor Mike Layton  
Ward 11, University-Rosedale
