Re: Requests for Speed Humps in Ward 10

To the committee,

Residents brought forward concerns about the speed with which cars travel on their local roads, and concerns about dangerous and stunt driving in the early hours of the morning. Installing speed humps to slow down drivers will provide a safer, quieter environment for all road users and residents.

Recommendation:

1. Toronto and East York Community Council direct the Acting Director, Traffic Management, Transportation Services, to conduct a speed hump review, in accordance with the Traffic Calming Policy and report the results back to Toronto and East York Community Council:
 - a. Wellington Street West, between Spadina Ave and Bathurst Street
 - b. Niagara Street, between Bathurst Street and Portland Street
 - c. Portland Street, between King Street West and Front Street West

Sincerely,

Councillor Joe Cressy
City Councillor
Ward 10, Spadina –Fort York
