Re: Re-opening of Item TE16.48 – Traffic Calming (Speed Humps) – Chester Hill Road

Dear Chair and Members of Toronto and East York Community Council,

It was brought to my attention that an internal review of Toronto and East York Community Council adopted item TE16.48 noted the oversight of early resident feedback. This resulted in inconsistency between the adopted location plan for speed humps on Chester Hill Road (Drawing No. 421G-3809, dated March 2020) and resident concerns.

To address to this, the speed hump location plan was revised and the corrected version is attached. The adoption of this motion will enable the amendment of the approved location plan to address resident concern.

Recommendations:

It is recommended that:

1. Toronto and East York Community Council re-open item TE 16.48 entitled "Traffic Calming (Speed Humps) – Chester Hill Road".
2. Toronto and East York Community Council amend "Drawing No. 421G-3809, dated March 2020" attached to Item TE16.48 dated June 28, 2020, with "Drawing No. 421G-3809, dated September", attached to this motion date October 15, 2020

Sincerely,

Paula Fletcher
City Councillor
