**RE: TE14.56: Traffic Control Signals and Intersection Improvements - College Street, Dundas Street West and St. Helen's Avenue**

Dear members of Toronto and East York Community Council:

Cycle Toronto Davenport, the Cycle Toronto ward advocacy group for Ward 9, wishes to express its support for the traffic control signals and intersection improvements on College Street, Dundas Street West, and St. Helen's Avenue, as detailed in Item TE14.56.

The [proposed changes](#) will make it easier and safer for people riding bicycles to cycle between College Street and the West Toronto Rail Path. As well, closing St. Helen's Avenue to traffic will make the intersection safer for all road users.

Thank you for your time and consideration.

Sincerely,

Cycle Toronto Davenport
