**AGENDA ITEM:** EX 27.8

Dear Members of the Executive Committee,

The undersigned, representing his condominium corporation with the consent and concurrence of his board-colleagues, fully supports the positions expressed by the Board of the St. Lawrence Neighbourhood Association in its October 24<sup>th</sup> letter to the Executive Committee on this subject.

Specifically,

1. securing the maximum amount of public space as parkland on the First Parliament site is the principal community priority;
2. delivering, *pari passu* and apace, a District Library to the St Lawrence neighbourhood in a location appropriate to the neighbourhood’s needs; and,
3. giving priority to public and community benefit when expending proceeds from the sale of the First Parliament Properties.

Thank you for your consideration herein.

Yours sincerely  
MTCC 1170
