To: Chair and Members of Etobicoke York Community Council

Re: Poll for traffic calming – Bexley Crescent

SUMMARY:

In 2015, property owners/occupants of houses on Bexley Crescent were polled to gauge support for the installation of traffic calming (i.e. speed humps). At that time, 33 respondents voted in support of the installation of speed humps and 30 against, but the minimum response rate was not met.

There is renewed interest in the installation of speed humps on this street, with my office having received a petition from residents of Bexley Crescent asking that the proposal for traffic calming be revisited.

As the moratorium to conduct a new poll for speed humps on Bexley Crescent expired in March 2017, the proposal can be reconsidered.

RECOMMENDATION:

Etobicoke York Community Council:

1. Authorize the Director, Transportation Services, to request the City Clerk to poll eligible householders in English or any other language specified by Community Council, on Bexley Crescent, between Jane Street and East Drive, to determine if property owners/occupants support the installation of speed humps, according to the City of Toronto Traffic Calming Policy.
2. Subject to favourable results of the poll:
 - a. Authorize the installation of traffic calming (speed humps) on Bexley Crescent, between Jane Street and East Drive
 - b. Direct the City Solicitor to prepare a by-law to alter sections of the roadway on Bexley Crescent for traffic calming enhancement, generally as shown on a map to be provided by Transportation Services and circulated to residents during the polling process.
