

PETITION - DECEMBER 2020

PETITION to ADD SPEED HUMPS to the full length of South Kingslea Drive. The Petition, including all the names of those who have signed it, becomes part of the public record.

Summary: The City of Toronto is planning to re-construct South Kingslea Drive in 2021. The residents of South Kingslea Drive are requesting enhanced speed control measures on this street. **Specifically, residents desire speed humps.** Residents also seek other appropriate changes to the roadway which will lower and control speeds of vehicles along this street, through consultation with City staff ahead of the finalized plan.

The Councilor can support this request from the South Kingslea Drive residents.

OUR REQUEST: That Councilor Grimes request the General Manager of Transportation Services to include the addition of speed humps along the full length of South Kingslea Drive during the upcoming road reconstruction, and to ensure appropriate consultation with residents regarding the reconstruction of the roadway.

Petition containing approximately 46 signatures is on file with the City Clerk's Office
