To: General Government and Licensing Committee Members
Re: Concrete Barriers at Union Station

Recommendation:

1. The General Government and Licensing Committee request the Deputy City Manager, Corporate Services report to the April 26, 2021 meeting of the General Government & Licensing Committee on a timeline and plan for the removal of the concrete barriers placed as a security measure in front of Union Station.

Background Information:

Concrete Barriers were previously set up on April 23, 2018 around Union station as part of increased vehicle mitigation measures, as the threat level was high in the wake of a vehicle-ramming attack in North York that same day.

Sincerely,

Paul W. Ainslie
