We appreciate the opportunity to provide feedback to the Mechanical Sidewalk Clearing Program.

The residents on Blythwood Road have reviewed the map of passable & non-passable routes and the summary of the criteria the study used. We note that the sidewalks Blythwood Road were deemed passable except for the sections from St. Hilda's to Yonge Street which were deemed "non-passable."

The residents would like to know why the sidewalk sections of Blythwood Road west of St. Hilda's were deemed non-passable.

Thank you,
