**MM37.14 Speed limit reduction for O'Connor Drive from Coxwell Avenue East to St Clair Avenue East in East York - by Councillor Brad Bradford, seconded by Councillor Paula Fletcher (Ward 19)**

This is to express our strong support for the above noted Member's Motion, to reduce the posted speed limit on O'Connor Drive east of Coxwell Avenue from 50 kilometres per hour to 40 kilometres per hour. The Motion is being brought forward in tandem with a Motion from Councillor Fletcher for similar speed limit reduction on O'Connor Drive west of Coxwell Avenue.

O'Connor Drive represents the most direct east-west link between Midtown and East York/East Toronto (south of Eglinton); however for cyclists it is highly problematic given the speed of traffic, and the absence of protected bike lanes.

We support the speed reduction on O'Connor as a positive first step and request that O'Connor be given priority consideration as a candidate for protected bike lanes. We believe this would be a major boost to the City's safe cycling network and encourage bicycle travel in East York.

Respectfully submitted,  
Geoff Kettel,  
Richard Nelson,  
Holly Reid,  
Najia Zewari,  
Executive Committee, Cycle Don Valley Midtown
