Request for a report on the feasibility of constructing a sidewalk on Fraserwood Ave. from the Allen Rd. to Shermount Ave.

Summary:

In light of recent most tragic event involving a 7 year-old child struck by a motor vehicle on Fraserwood Avenue, the community requests that action be taken and safety measures for all road users, especially pedestrians are put in place to better protect local neighbours and residents.

My office has been in touch with Transportation Services' staff and asks on behalf of the residents along Fraserwood Avenue and its neighbouring community to have a safety audit be conducted and measures implements as soon as possible to ensure safety of all road users.

Recommendations

1. North York Community Council authorize all-way stop control at the intersection of Fraserwood Avenue/Chater Court and Englemount Avenue.
2. North York Community Council authorize all-way stop control at the intersection of Fraserwood Avenue and Shermount Avenue.
3. North York Community Council direct Transportation Services to investigate speeding and safety concerns on Fraserwood Avenue, between Englemount Avenue and the west end, to enhance safety for vulnerable road users, including pedestrians.
4. North York Community Council direct Transportation Services to investigate the feasibility to install a sidewalk on Fraserwood Avenue, between Englemount Avenue and the west end.
5. North York Community Council direct Transportation Services' staff to undertake a traffic study to consider and recommend additional traffic calming and pedestrian safety measures in the area bounded by Lawrence Ave. to Glencairn Ave. and from Englemount Ave. to Shermount Ave.
