Dear Chair and Members,

RE: Consistent Speed Limits on Leslie Street

Summary:

Over the last two and half years, my office has received many complaints from residents and parents of Zion Heights Middle School about the speed of traffic at Cummer Avenue/McNicoll Avenue and Leslie Street. Zion Heights Middle School is just south of this intersection and falls along a stretch of Leslie Street that is already 50 km/h. However, north of this intersection, the speed limit increases to 60 km/h meaning that cars often speed past the school and cause some near misses. I am recommending to North York Community Council that the entire stretch of Leslie Street in Don Valley North be standardized to 50 km/hr, as is considered for major arterials under Vision Zero.

Recommendation:

1. City Council rescind the existing the speed limit of 60 km/h on Leslie Street, between McNicoll Avenue and Steeles Avenue East.
2. City Council designate a 50 km/h speed limit on Leslie Street, between McNicoll Avenue/Cummer Avenue and Steeles Avenue East.

Thank you for your consideration of this request.

Sincerely,

Councillor Shelley Carroll
Don Valley North
