Subject: NY Council meeting June23/2021 item NY25.13
Date: June 22, 2021 6:12:14 PM

Please extend the community consultation area to 500 meters from the proposed 120 meters. This is a very large development in an area that is comprised of single family homes and will have a tremendous impact on the neighbourhood. The proposal calls for *ZERO* setback in the Front, North and South sides of the building; these lack any justification.

Thank you very much ,
