**RE: 17 Milford Avenue, Toronto, ON, M6M 2W1**

Please accept this letter in opposition of the amendment of Zoning By-law 569-2013 following the recommendations of the "Zoning Conformity for Official Plan Employment Areas – Phase 1 Final Report and Phase 2 Update" regarding conformity with OPA 231. As the owner of 17 Milford Avenue, I am concerned that the recommendations within the report, dated June 10<sup>th</sup>, 2021, will limit the uses on my property and restrict the opportunities for all landlords within Employment Areas. If the City of Toronto's goal is to protect Employment Areas, limiting the permitted uses of these lands should not be pursued.

While our company supports, in principle, land use planning to protect and support employment lands, the proposed zoning changes could have the opposite effect. Our business need flexibility to adapt and grow our operations to respond to market trends and competition, especially while enduring over 18 months of interruptions and uncertainties from the COVID-19 pandemic and related lockdowns.

Sincerely,

Domenico Giovanni (John) Gagliano
