

CONDOLENCE MOTION

Moved by: Councillor Mike Layton

Seconded by: Councillor Ana Bailão

The Mayor and Members of Toronto City Council are deeply saddened to learn of the passing of Alan Wayne Scott on Wednesday, January 27, 2021.

Wayne was a dearly loved community advocate for cycling in Toronto.

His love for cycling made him a regular presence at advocacy events, public deputations, and a contributor to NOW magazine on all things bike.

Wayne's legacy includes winning a legal challenge with the Canada Revenue Agency which gave Toronto bike messengers the right to deduct "food as fuel" as a business expense. The cycling community greatly admired his energy and unique enthusiasm, which includes his famous trike.

Wayne "Scunny's" significant dedication and contributions to our City's bicycle community over the years will be greatly missed.

The City Clerk is requested to convey, on behalf of the Members of Toronto City Council, our sincere sympathy to Alan Wayne Scott's family.
