Dear Chair and Members of Toronto and East York Community Council,

Re: Traffic Management Plan – Glen Road

City Council at its meeting of July 23, 2018 adopted item TE34.148 entitled, "Traffic Management Plan – Glen Road" with amendments. City Council ruled that only Toronto and East York Community Council Recommendation 2 of this report was in order, as the balance of the recommendations on compulsory all way stop regulations, and speed limits, should be resubmitted to the Toronto and East York Community Council for consideration under its delegated authority.

The following recommendations are resubmitted to the Toronto and East York Community Council for consideration under its delegated authority.

RECOMMENDATIONS:

It is recommended that:

1. Toronto and East York Community Council amend the existing all-way stop control at Glen Road and Roxborough Drive, to be in effect at Glen Road and Roxborough Drive (south intersection).
2. Toronto and East York Community Council rescind the compulsory stop controls for southbound and northbound traffic on Glen Road at Bin-Scarth Road.
3. Toronto and East York Community Council reduce the speed limit from 40km/h to 30km/h on Glen Road, between Elm Avenue and Summerhill Avenue.

Thank you,

Councillor Mike Layton
Ward 11, University-Rosedale
