Hogarth and Ingham: Traffic Safety and Infiltration

Dear Chair and Members of the Toronto and East York Community Council,

In 2015 residents around the Hogarth and Ingham intersection requested a report on measures that would reduce traffic infiltration, speed, and other measures to improve pedestrian safety in this neighbourhood.

In a review of past TEYCC motions my office determined that this request had never been completed.

I am asking for your support to have Transportation report back on this request.

Recommendation:

1. Toronto and East York Community Council request Transportation Services to report back on the 2015 Item TE4.72 at the October 14th 2021 TEYCC Meeting.

Sincerely,

Paula Fletcher
