Dear Chair and Members,

RE: New Business Item – No Stopping – Edwin Avenue

BACKGROUND:

Recently, several small businesses contacted my office regarding the No Stopping prohibition and lack of on-street parking available to customers on Edwin Avenue north of Dupont Street, which has had a negative impact on sales.

Because Edwin Avenue and Dupont Street is a signalized intersection, vehicles are required to comply with a No Parking prohibition of 30.5 metres as per Chapter 950 section E (3).

Guidance from the City's Traffic Operations division was sought with respect to making a recommendation on this issue concerning this portion of Edwin Avenue, and as a result I am recommending the following amendment as outlined below.

RECOMMENDATIONS:

1. Toronto and East York Community Council amend the existing no stopping prohibition in effect at all times on both sides of Edwin Avenue, between Dupont Street and a point 28 metres north, to be in effect only on the west side.

Thank you for your consideration.

Sincerely,

Ana Bailão
