Dear Chair and Members of Toronto and East York Community Council,

Re: Exclusion of 203 College Street from 6D Permit Parking

At the request of local residents, my office is looking to exclude the development located at 203 College Street from the 6D permit parking area as a means to ensure that parking zone is not at risk of becoming further over-subscribed due to the density of this development. The issuance of parking permits to residents of these developments would negatively impact on the already limited supply of parking spaces.

I am requesting approval from Toronto and East York Community Council to prohibit the General Manager, Transportation Services, from accepting applications from residents of, visitors to, and tradespersons at the subject development property. Residents have reported that it is already difficult to find a parking space close to home.

The request is to ensure the balance of parking within area 6D from the potential influx from another development in the neighbourhood.

Recommendation:

1. Request the General Manager, Transportation Services, to review and report back to Toronto and East York Community Council on the realignment of Permit Parking Area "6D" to exclude the development located at 203 College Street.

Thank you,

Councillor Mike Layton
Ward 11, University-Rosedale
