Toronto, Ontario
M5H 2N2

Dear Chair and Members,

RE: Speed Hump Installation on St. Clarens Avenue

BACKGROUND:

In August 2020, residents reached out to my office with an urgent concern about speeding along their street and requested via a community-led petition that traffic calming measures (speed humps) be installed as a method of addressing these concerns. Unanimously, the residents surveyed were in support of making this change.

I am requesting that speed humps be installed on St. Clarens Avenue from Davenport Road to St. Clair Avenue West.

RECOMMENDATIONS:

1. Toronto and East York Community Council waive the polling requirement under the City's Traffic Calming Policy and authorize the installation of traffic calming (speed humps) on St. Clarens Avenue from Davenport Road to St. Clair Avenue West; and
2. Direct the City Solicitor to prepare a by-law to alter sections of the roadway on St. Clarens Avenue, for traffic calming purposes, generally as shown on the copy of Drawing No. 421G-3910 and 412G-3920, dated August 2021, from the Acting Director, Traffic Management, Transportation Services, Toronto and East York District.
3. Toronto and East York Community Council reduce the speed limit from 40 km/h to 30 km/h on St. Clarens Avenue between Davenport Road and St. Clair Avenue West.

Thank you for your consideration.

Sincerely,

Ana Bailão
Deputy Mayor
Councillor, Ward 9 – Davenport
