Toronto and East York Community Council
Toronto City Hall
100 Queen Street West
Toronto, Ontario
M5H 2N2

Dear Chair and Members,

RE: Speed Hump Installation on Turnberry Avenue

BACKGROUND:

Residents reached out to my office in October 2019 with an urgent concern about speeding near General Mercer Public School after a child was hit while crossing the street at Turnberry Avenue and Old Weston Road. After hearing the various concerns and solutions put forward by residents, which were endorsed by the school, along with input from Traffic Operations it was proposed that traffic calming measures (speed humps) be installed as a method of improving school zone and general community safety.

I am requesting that speed humps be installed on Turnberry Avenue from Old Weston Road to Silverthorn Avenue.

RECOMMENDATIONS:

1. Toronto and East York Community Council waive the polling requirement under the City's Traffic Calming Policy and authorize the installation of traffic calming (speed humps) on Turnberry Avenue from Old Weston Road to Silverthorn Avenue; and
2. Direct the City Solicitor to prepare a by-law to alter sections of the roadway on Turnberry Avenue, for traffic calming purposes, generally as shown on the copy of Drawing No. 421G-3949, dated September 2021, from the Acting Director, Traffic Management, Transportation Services, Toronto and East York District.

Thank you for your consideration.

Sincerely,

Ana Bailão
Deputy Mayor
Councillor, Ward 9 – Davenport
