Gerrard & Carlaw Heritage Designation Update

Dear Chair and Members of the Toronto and East York Community Council,

The Gerrard/Carlaw Heritage Plaque District is one of the premier commemorations of industrial history in our city and the city's first such designation. Additionally, the planning framework of the area continues to balance protecting employment with the residential pressures.

One outstanding planning issue in this area is to finally complete the Heritage Evaluations for the existing buildings. I [asked](#) for an update on this work in 2019 but with it becoming clearer that the impact of the Ontario Line will be more expansive than originally anticipated, this work has become more urgent. I am asking for your support for this motion.

1. Toronto and East York Community Council request the Manager, Heritage Preservation Services, to report to the November 24th Community Council with an update on the status of heritage reports for the buildings in the 'Carlaw – Dundas' Study Area.

Sincerely,

Paula Fletcher
City Councillor
