TE29.29 1406-1428 Yonge Street – Official Plan Amendment and Zoning Amendment Application –
Preliminary Report

Representatives of the Deer Park Residents Group were invited to meet with the applicant last summer to review proposal pre application. At that time, we raised many of the issues with the application listed in the Preliminary report. Our representatives suggested that the application would provide an opportunity to gain more public access to the St. Michael's Cemetery.

Our members and other residents living nearby will be providing their comments at the community consultation meeting.

Yours sincerely,
Cathie Macdonald
President, Deer Park Residents Group

CC Councillor Matlow
