Dear Council Members

The importance and urgency of the community consultation recommended in this agenda item is highlighted by North York Council's direction in NY25.15 on June 23 2021 to include public engagement in the policies review.

As this public engagement did not occur as directed we look forward to participating in the proposed broader review before the end of the first quarter of 2022.

We are pleased to support this agenda item and the community consultation.

Yours truly

David Reid
