RE: PH30.3 Our Plan Toronto: Protected Major Transit Station Area Delineations – Downtown
and City-wide Interpretation Policies – Final Report

Dear Mayor and Members of City Council,

FoSTRA supports The Grange Community Association's request for a revision of the Official Plan Amendment 540 by modifying Map 2 in Site and Area Specific Policies 609 (Osgoode) and 610 (St. Patrick) to **decrease the minimum Floor Space index from 3.0 to 0.0 on the immediate lands that currently occupy the historic Campbell House** at the intersection of Queen Street West and University Avenue, to which the City's lease extends to 2099.

Sincerely yours,

Rick Green
Chair +

FoSTRA is comprised of 26 neighbourhood associations in south Toronto in an area encompassing over 500,000 residents, and is dedicated to responsible ! development, respect for communities and world-class infrastructure. !
