Wednesday June 15, 2022

Member of Toronto City Council
 2nd floor, West Tower, City Hall
 100 Queen St. W.
 Toronto, ON M5H 2N2

Re: Pedestrian Crossing Protection – Queen Street East and Victoria Park Avenue

To Members of Council:

As two of the City Councillors for the East End of Toronto, we are jointly asking for your support to improve road safety across our shared border of Victoria Park Avenue.

We have both received independent requests from local residents to help facilitate safe crossing at Queen St E and Victoria Park Ave. After petitions circulated to both of our offices and consultation with residents, it was determined that a Pedestrian Crossover (PXO) would be the best installation for this community. City Staff have additionally reviewed this request from our Wards.

Ward 19 and Ward 20 residents would benefit greatly from this installation, as would visitors to the area.

Recommendations:

It is recommended that:

1. City Council authorize the installation of a pedestrian crossover on Queen Street East at Victoria Park Avenue to improve safe crossing.

Respectfully,

Brad Bradford
 Toronto City Councillor
