To the City Clerk:

Comments:

In reviewing Appendix A - Draft Audit Report and Financial Statements we would like to draw your attention and our observations: The Financial Statements include the 2021 year-end figures with comparative information for 2020, and we would suggest including the added comparative with the 2019 fiscal year. We suggest this due to the Covid-related challenges that occurred in the years 2020 and 2021. Adding 2019 figures would give a more transparent understanding of this abnormality as compared to normal fiscal years.

This addition will also give clarity when discussing EP24.12, Final Draft Strategic Plan 2022 - 2026 Report. Comments made in 3.0 Introduction: Building for the Future of this report mention in normal years the 5.5 million guest visits and the \$500 million economic impact on the 192-acre site.
