Mayor John Tory,
Chair, Executive Committee
Toronto City Council

By email: exc@toronto.ca

Dear Mayor Tory and Executive Committee Members,

Re: EX33.2: Waterfront East LRT – Transit Expansion Project

We are writing to express our support for moving forward with the Waterfront East LRT transit expansion project as soon as possible.

As you are aware, NAIOP Greater Toronto (“NAIOP”) members represent the leading commercial and mixed-use developers responsible for some of the most exciting developments across the City of Toronto, including on and near the eastern waterfront.

Toronto is a vibrant and growing world-class City, attracting businesses from around the world, and we continue to build on our reputation as an epicentre of financial services, technology, and entertainment. The Waterfront East LRT is a vital step in our growth as we tap into the full potential of the City’s incredible waterfront and all it has to offer to residents and businesses.

We urge the Executive Committee and Council to approve funding for the Waterfront East LRT as soon as possible so that the planning and design work for this essential transportation line can move ahead.

Thank you,
