Re: Implementation of Permit Parking Outlook Avenue, between Rockcliffe Boulevard and Jane Street

Summary:

My office received a petition to implement permit parking on Outlook Avenue, between Rockcliffe Boulevard and Jane Street. This block has residents without any access to off-street parking and as a result require street parking to meet their parking needs. During the polling process, the number of required ballots was not met even though those who did vote, voted in favour of implementing the program.

Subsection 925-4B, provides that:

Where permit parking is not currently available and where a petition requesting permit parking signed by the residents of a minimum of 25% of the total number of residential premises having a residential address on the street or the flank of the street is submitted to the General Manager, a poll shall be conducted in accordance with Chapter 190, Polling and Notification, to determine if the residents wish to have permit parking on their road or area, as the case may be. In the event of a positive polling result, the General Manager shall report such result to the appropriate community council, which community council under delegated authority, shall be authorized to pass any necessary by-laws to implement permit parking on the road or area. In the event of a negative result, permit parking shall not be extended to the road or area, and no further permit parking poll shall be conducted for a period of two years

I am seeking an exemption from the requirements of subsection 925-4B of City of Toronto Municipal Code Chapter 925, Permit Parking as the residents that did vote, were in favour of implementing the permit parking program.
