

## **Temporary Road Closing of Islington Avenue and Parking Regulation Amendments - 2022 Canadian Open**

Date: March 30, 2022  
To: Etobicoke York Community Council  
From: Director, Traffic Management, Transportation Services  
Wards: Ward 2 – Etobicoke Centre

### **SUMMARY**

---

As the Toronto Transit Commission (TTC) operates bus service on Islington Avenue, City Council approval of this report is required.

The purpose of this report is to present the Traffic Management Plan prepared by IBI Group on behalf of Golf Canada, relating to the full closure of Islington Avenue, between Eglinton Avenue West and The Kingsway, for a period up to 19 days, from Monday May 30, 2022, to Friday, June 17, 2022. The closing is required as Golf Canada is hosting the 2022 Canadian Open at St. George's Golf and Country Club, located on Islington Avenue, between the intersections of Ridge Valley Crescent/Prince George Drive and Princess Margaret Boulevard/Poplar Heights Drive. The closing includes the Pre-tournament (May 30, 2022 to June 5, 2022), Tournament (June 6, 2022 to June 12, 2022) and the Post-tournament (June 13, 2022 to June 17, 2022) events.

This report also recommends implementing temporary parking, standing and stopping regulations during the Tournament week (June 6, 2022 to June 12, 2022) on streets in the vicinity of the golf club and the visitor parking areas.

The TTC has been consulted and has no concerns regarding the proposals contained in this report.

### **RECOMMENDATIONS**

---

The Director, Traffic Management, Transportation Services recommends that:

1. City Council receive the attached Traffic Management Plan for the 2022 Canadian Open.

2. City Council authorize the closing of Islington Avenue to traffic from Eglinton Avenue West to The Kingsway, for the period from May 30, 2022 to June 17, 2022.
3. City Council authorize the temporary parking, stopping and standing regulations on streets in the vicinity of St. George's Golf and Country Club, identified in Appendix "A" attached to the report dated March 30, 2022, from the Director, Traffic Management.
4. That all costs associated with the road closings, including the costs of restoring and cleaning the streets following each event, as well as installing/removing temporary parking restrictions, shall be completed by Golf Canada to the satisfaction of the Transportation Services Division, and at no cost to the City.
5. City Council authorize the temporary use of the Hydro One right-of-way, east of Martin Grove Drive between Hedges Boulevard and Princess Margaret Boulevard, by Golf Canada for media and supplier parking, subject to approval by Hydro One, subject to access and permit approval from Transportation Services, Permits and Enforcement and at no cost to the City, for the period from May 30, 2022 to June 17, 2022.

## **FINANCIAL IMPACT**

---

There is no financial impact resulting from the adoption of the recommendations in the report. Golf Canada organizers are responsible for all costs associated with the proposed road closings and temporary parking restrictions.

## **DECISION HISTORY**

---

The temporary closure of Islington Avenue and Parking Regulation Amendments were considered by the Etobicoke York Community Council on March 12, 2020 and adopted without amendment. Prior to City Council consideration, the event was cancelled due to the pandemic and the report was withdrawn from the City Council agenda on June 29, 2020.

<http://app.toronto.ca/tmmis/viewAgendaItemHistory.do?item=2020.EY14.6>

In July 2010, the Royal Canadian Golf Association hosted the 2010 Canadian Open at St. George's Golf and Country Club in the City of Toronto. In advance of this event, City Council, on March 31 and April 1, 2010, adopted Etobicoke York Community Council Item EY35.6 and, in doing so, received the related Traffic Management Plan, authorizing the closure of Islington Avenue, and, authorizing temporary parking regulations in the area.

## COMMENTS

---

In June 2022, Golf Canada will be hosting the 2022 Canadian Open at St. George's Golf and Country Club in the City of Toronto. This is a premier event, with international media exposure and spin-off economic impacts that showcase the City of Toronto.

Golf Canada, in consultation with the local councillor's office, held two virtual public consultations meetings on Tuesday, January 11, 2022 and Saturday, January 15, 2022.

Public Information sessions are planned for the weeks leading up to the event, these dates are still to be determined. At these sessions Golf Canada staff will be describing the event and staff from IBI consultants presenting the Traffic Management Plan. City of Toronto staff will also be available to answer questions from those in attendance.

Municipal Code Chapter 937-3 authorizes the General Manager of Transportation Services to temporarily close to vehicular traffic any portion of a road for a period of not more than four consecutive days for social, recreational, community, athletic or cinematographic purposes. This proposed closure will be in effect for 19 days and, therefore, requires Council's approval.

St George's Golf and Country Club is located between the Ridge Valley Crescent/Prince George Drive and Princess Margaret Boulevard/Poplar Heights Drive intersections. Islington Avenue is a four-lane major arterial road. Between Eglinton Avenue West and The Kingsway (closure area), the only properties with direct driveway access to this section of the road are located between The Kingsway and Ridge Valley Crescent/Prince George Drive. Between Princess Margaret Boulevard/Poplar Heights Drive and Eglinton Avenue West, there are residential properties with reverse lot frontages. The only properties with direct driveway access to this section of Islington Avenue are the fire station and Richview Collegiate Institute.

One of the 2022 Canadian Open event requirements is to close Islington Avenue, between Eglinton Avenue West and The Kingsway, to vehicular traffic from May 30, 2022 to June 17, 2022 inclusive. The closing is necessary to position television and communication equipment, and ancillary facilities related to the needs of the players, spectators, the media and sponsors. The first week of the closure is for setup. The second week is for the actual event, with the third week for dismantling. The east side sidewalk in this area will be closed for the entire 19 day period. The west side sidewalk will be closed from 6:30 a.m. to 8:00 p.m. during the tournament week (June 6 to June 12).

Different than the 2010 Canadian Open, this year's event includes outdoor music concerts at Richview Collegiate on Friday, June 10, 2022 and Saturday June 11, 2022.

To assess the impacts on general traffic circulation in the area as well as emergency services (Police, Fire, EMS), TTC and the immediate neighbourhood, Golf Canada retained the engineering consulting firm of IBI Group to prepare a Traffic Management Plan, a standard requirement of the City

for road closures of this size. The Traffic Management Plan addresses issues relating to safety, security, emergency access, transit, pedestrians/cyclists, vehicle access and parking.

The Plan proposes mitigating measures to minimize traffic impacts as a result of event related traffic diversion infiltration, parking generation, and proposes an emergency vehicle clearway on Islington Avenue during the event. The Plan was prepared in consultation with all affected authorities, including the Toronto Police Service, EMS, Toronto Fire Service, TTC, Economic Development, Transportation Services, and the Toronto Parking Authority.

A Traffic Management Plan includes the following major components: Traffic Flow Plan; Site Access and Parking Plan; Concert Series Site Access and Plan; Traffic Control Plan; Traveller and Resident Information Plan; Traffic Incident Management and Safety Plan; and Contingency Planning.

The Islington Golf and Country Club, which is on the west side of Islington Avenue, north of Dundas Street West, will be used by the players as a practice/driving range. Players will drive from the Islington Golf Course to the St. George's Golf Course in mixed traffic for approximately 1.5 km. Signalized intersections will be monitored to adjust timing to suit any changes to the traffic patterns during the closure.

TTC service re-routing has been arranged for the 19 day closing of Islington Avenue. Buses will be rerouted, both northbound and southbound, around the closing via The Kingsway to Kipling Avenue, to Eglinton Avenue West and then back to Islington Avenue (and visa-versa).

Major parking lot locations and shuttle services to reduce auto travel to the event will be provided. General parking lots for spectators and preferred guests will be located at Woodbine Racetrack and Woodbine Mall. Parking for volunteers will be located at the Humber College North Parking Garage. Parking for media and suppliers will be located in the hydro right-of-way, east of Martin Grove Drive between Hedges Boulevard and Princess Margaret Boulevard. There will be a dedicated shuttle that takes media and suppliers from their lot to the tournament site.

Many spectators may also choose to use TTC buses to attend this event as the buses will provide convenient drop-off/pick-up for patrons.

Normally, parking is allowed for up to three hours on most of the residential streets in the vicinity of St. George's Golf and Country Club. Leaving this regulation in place would allow event patrons to park on the streets for long durations, potentially reducing the effective road width to one lane of travel. To discourage on-street parking, temporary restrictions on adjacent neighbourhood streets as well as near the temporary parking locations, will be enacted during the tournament and concert times (Monday, June 6, 2022 to Sunday, June 12, 2022).

In addition, temporary parking, standing and stopping will be prohibited between the hours of 7:00 a.m. and 9:00 p.m. on streets in the vicinity of the Islington Golf and Country Club to prohibit parking, standing and stopping between the hours of 7:00 a.m.

and 9:00 p.m. during the tournament week. The intention would be to post signs as required in this area.

The exception to these parking regulations will be on the following streets or portions of streets:

- Islington Avenue between The Kingsway and Ridgevalley Crescent;
- Ridgevalley Crescent and Ridgecross Road;
- Prince George Drive east of Princess Anne Crescent; and
- Princess Margaret Boulevard east of Palace Arch Drive.

Residents on these streets will be required to obtain and display official “hang tags” for their vehicles. It is anticipated that these “hang tags” will be distributed by mail or made available at St. George’s Golf and Country Club. Access to these streets will be within the area controlled by pay duty police. As such, to gain access to these areas, residents will need to display their “hang tags”.

A Traveller and Resident Information Plan with advance static signing, changeable message signs, and media releases will be arranged by Golf Canada. The signs will be posted at strategic locations throughout the immediate area including major arterial roads, the Gardiner Expressway, Highway 27, 427 and 401 advising of the event closure and duration. In total approximately 70 warning signs will be installed.

To ensure that other key roads in the area and vicinity are open and not under planned construction activities, the City has made all other public utilities and agencies aware of the event and the road closing, so that no planned works (other than emergencies) take place on adjacent arterial roads in the vicinity of the closing, including Martin Grove Road, Kipling Avenue, Royal York Road, Rathburn Road, Dixon Road, Bloor Street West, and Dundas Street West.
