Application to Remove a Private Tree - 3 Sonoma Way

City Council Decision

City Council on June 15 and 16, 2022, referred Item EY31.7 back to the Etobicoke York Community Council for further consideration.

Summary

This report requests that City Council deny the request for a permit to remove one privately owned tree located at 3 Sonoma Way. The application indicates the reason for removal is due to the sap of the tree dripping onto the vehicles in the driveway.

The subject tree is a Colorado blue spruce tree (*Picea pungens*), measuring 38 cm in diameter. The Tree By-laws do not support the removal of this tree as it is healthy and maintainable.
