Subject: All-Way Stop Control and Parking Amendments – Yvonne Avenue and Loney Avenue

Dear Members of Etobicoke York Community Council,

Transportation Services is requesting approval to install all-way stop control at the intersection of Yvonne Avenue and Loney Avenue. Based on the assessment undertaken, the installation of all-way stop control is recommended and should enhance safety for all road users.

In conjunction with the implementation of the all-way stop control, Transportation Services is recommending a stopping prohibition on the south side of Yvonne Avenue, between Haymarket Road and Loney Avenue. In addition, Transportation Services is recommending changes to the existing no stopping prohibition and School Bus Loading Zone on the north side of Yvonne Avenue, between Haymarket Road and Loney Avenue. These changes will improve the overall visibility and safety at the crosswalk and proposed all-way stop control, and reduce vehicle congestion.

I am requesting to add the staff report to the agenda and support the recommendations staff have presented.

Sincerely,

Councillor Anthony Perruzza
Ward 7, Humber River-Black Creek
