

FRANCES NUNZIATA

COUNCIL SPEAKER YORK SOUTH–WESTON WARD 5

June 27, 2022

To: Chair and Members of Etobicoke York Community Council

RE: Amendments to Parking Regulation to Accommodate Accessibility Needs during Construction of Fairbank Silverthorn Project, Contract Number 21ECS-LU-01TT

Summary:

On July 14, 15 and 16, 2021, City Council adopted Item IE23.9, entitled "Award of Contract Number 21ECS-LU-01TT to EBC Bessac Canada (FSPSTT) Joint Venture for the Construction of the Fairbank Silverthorn Storm Trunk Tunnel and Micro-Tunneled Storm Collectors for Basement Flooding Protection Program Study Area 3".

My office has been notified by City staff that the above referenced construction project requires a temporary closure to vehicular traffic on Silverthorn Avenue, between Dunraven Drive and Aileen Avenue, which will block driveway access to a number of residents. One resident impacted by the closure has requested their existing designated on-street accessible parking space be relocated to a nearby street for the duration of the temporary closure.

City staff have advised the resident that designated on-street accessible parking space is not for the exclusive use of any one resident. Any person with a valid Accessible Parking Permit issued by the Ontario Ministry of Transportation may park in any designated on-street accessible parking space.

This motion seeks to accommodate the resident's request for temporary relocation of the existing designated on-street accessible parking space.

FRANCES NUNZIATA

COUNCIL SPEAKER YORK SOUTH—WESTON WARD 5

Recommendations:

Etobicoke York Community Council:

Direct the Director of Traffic Management, Transportation Services, to designate a temporary accessible parking space on the south side of Dunraven Drive, between a point 9.0 metres east of Silverthorn Avenue to a point 5.5 metres further east. As shown on drawing DS-1MTS-20 Designated Space, from June 27, 2022 to June 30, 2024.

Sincerely,

Frances Nunziata
Toronto City Councillor
Ward 5, York South—Weston
