COMMENTS

The Board of Health (BOH) has two formal committees: the Budget Committee and the Performance Appraisal of the Medical Officer of Health Committee. In addition to these committees, the BOH also appoints a director to be their representative for the Association of Local Public Health Agencies' (alPHA) Board of Directors and Board of Health Section.

Budget Committee

The Budget Committee is a formal committee of the BOH and is led by the Chair of the BOH. It is supported by the City Clerk's Office and Toronto Public Health staff. The Committee meets three to four times a year and has five to six BOH directors. It is recommended that the BOH appoint five to six BOH directors to the Budget Committee in 2022, including Councillors and public directors.

Performance Appraisal of the Medical Officer of Health Committee

The Performance Appraisal of the Medical Officer of Health Committee is a formal committee of the BOH and is led by the Chair of the BOH. Supported by the City Clerk's Office, the Committee conducts the performance review and appraisal of the Medical Officer of Health. The Committee meets once annually (in-camera) and has three to four BOH directors.

It is recommended that the BOH appoint three to four BOH directors to the Performance Appraisal of the Medical Officer of Health Committee in 2022, including both Councillors and public directors.

Association of Local Public Health Agencies Representation:

The BOH is a member of the Association of Local Public Health Agencies (alPHa) and appoints a BOH director to the alPHa Board of Directors and Board of Health Section meetings annually. In addition to appointing a director, all BOH directors are encouraged to participate in alPHa's meetings, specifically Board of Health Section meetings, as well as semi-annual conferences/meetings held in Toronto. It is recommended that the BOH appoint a director to the alPHa Board of Directors and Board of Health Section and pay for expenses associated with participation within Toronto Public Health's 2022 operating budget.
