Comments:

Good to see the results of this review and looking forward to many more years of quality and affordable golf, along with wider community access to and use of the properties. Our group has enjoyed over 25 years of golf, with reserved weekly time slot (pre-COVID) to accommodate our aging membership's need to protect from summer heat and group-managed sign-up for those not capable of or comfortable with on-line sign-up system. Keen to see how our group of senior women (a few in their 90s now!) might be able to interact with Indigenous initiatives and particularly with facilitating the growth of golf with junior and local community members.
