Subject: I support the Yonge complete street pilot!

Dear Councillors McKelvie, Matlow and Layton, and Mayor Tory,

I am very supportive of the Yonge complete street pilot installed last year. It has been great for residents and businesses in the community, and for visitors whether they walk, bike, take transit, or drive.

Even though the pilot has been in place less than a year, the Yonge complete street project has my full support. I hope to see it improve further and extend north to Eglinton this year. This project is essential to address the looming climate crisis and road safety issues all Torontonians have to face.

I hope you will make the best decision for our city's health and wellbeing by supporting and extending the Yonge complete street project.

Thank you,

Sam Perry (he/him)
