* This Motion has been deemed urgent by the Chair.*

Recommendations

Councillor Mark Grimes, seconded by Councillor Stephen Holyday, recommends that:

1. City Council request the Chief Engineer and Executive Director, Engineering and Construction Services to commence the assumption process for Silver Moon Drive in an expedited fashion, in advance of the remainder of the road system for Humber Bay Shores.

Summary

Silver Moon Drive is part of the Humber Bay Shores redevelopment and is subject to the provisions in the Core Infrastructure Agreement dealing with the construction and conveyance of the road system in the Humber Bay Shores area to the City, as well as with respect to provisions dealing with the maintenance period and ultimately the assumption of the road system by the City. Legal Services advise that the City may choose to assume the road system in whole or in parts. Over the last two years concerns have been raised by local residents and the Fire Chief and General Manager, Fire Services in regard to the operation of Silver Moon Drive. This Motion requests the Chief Engineer and Executive Director, Engineering and Construction Services to commence the assumption process for Silver Moon Drive in an expedited fashion, in advance of the remainder of the road system for Humber Bay Shores. The maintenance period requirements of the Core Infrastructure Agreement will continue to apply.

This Motion is urgent as it will facilitate and address the many traffic safety and road concerns expressed in recent years and permit City enforcement powers.
