**RE: Request to Endorse License Extensions for TIFF 2022 Hospitality Partners**

Now in its 47<sup>th</sup> year, the Toronto International Film Festival leads Toronto's global media profile, and draws thousands of tourists to the city for an annual celebration of the best in Canadian and international cinema. For the second year now, our festival has adapted to these challenging times and we are pleased to present digital and physical events for our audiences. Full details about this year's activities can be found at [www.tiff.net](http://www.tiff.net).

In order to manage the volume of requests we receive from the hospitality sector, TIFF has established a policy of limiting our endorsements to official partners and sponsors. Many events that take place during the Festival are run completely independently from TIFF, including studio parties, product launches and other celebrations. While these events may be in celebration of our Festival, TIFF does not participate in their planning or execution, and therefore we are not in a position to endorse their applications. Please find attached to this letter a list of official TIFF hospitality partners that are directly involved with the 2022 festival.

On behalf of the board and staff of TIFF, I wish to thank you for your continued support of the Festival, and I hope that you will support this request. Please feel free to contact Autumn Scott, Coordinator, Government Relations, should you have any questions. Autumn can be reached at [ascott@tiff.net](mailto:ascott@tiff.net).

Sincerely,

Amy Thind  
Manager, Government Relations

TIFF is a charitable organization with a mission to transform the way people see the world through film.
