
Date: April 20, 2022

To: North York Community Council –City Clerk's Office-Secretariat

From: Councillor John Filion

Subject: 5210 Yonge Street designation of a street vending location for FLIP Kitchen

SUMMARY:

In adopting 2014.LS27.1 - New Opportunities for Toronto Street Food, Toronto City Council recommended as follows:

"City Council, to encourage new small business entrepreneurs, authorize the appropriate Community Council, at the request of the local ward Councillor, to designate a particular street vending location for entrepreneurs introducing new products, or variations of products, as identified by the General Manager, Economic Development and Culture."

In May, 2022 an innovative City project to support new and diverse food entrepreneurs will be officially launched at 5210 Yonge St. The use of a food cart on the Yonge Street to showcase some of the menu items being sold in the FLIP Kitchens will assist in creating awareness of the program.

RECOMMENDATIONS:

That North York Community Council designate a section of the City right-of-way fronting 5200 Yonge Street for use by the vendors of the City-initiated food incubator tenancy program to undertake street vending activities as identified by the General Manager, Economic Development and Culture to the satisfaction of General Manager, Transportation Services and the Executive Director, Municipal Licensing & Standards.
