Re: Heather Rd. - School Bus Loading

Dear Scarborough Community Council Members,

Background:

The location of an existing school bus loading zone (SBLZ) on Heather Road requires a slight relocation to accommodate a new school driveway at 51 Heather Road, in front of St. Bartholomew Catholic School. We now need to formalize the relocation of the SBZL in the traffic by-law and permanent signs will be installed.

The current by-law states the SBLZ is in effect on the south side of Heather Road, between a point 105 metres west of Brimley Road and a point 38 metres further west. The by-law should be amended to be in effect on the south side of Heather Road, between a point 127 metres west of Brimley Road and a point 36 metres further west. Therefore, through this submission of a new business item, I am requesting the following:

Recommendation:

It is recommended that:

1. Scarborough Community Council amend the existing school bus loading zone in effect from 8:00 a.m. to 5:00 p.m. on the south side of Heather Road, between a point 105 metres west of Brimley Road and a point 38 metres further west, to be in effect between a point 127 metres west of Brimley Road and a point 36 metres further west.

Sincerely,

Cynthia Lai
Councillor, Ward 23 Scarborough North

CC: Mr. Dan Clement, Acting Manager, Transportation Services
