

**JENNIFER  
MCKELVIE**

City Councillor  
Scarborough-Rouge  
Park  
Ward 25

February 3<sup>rd</sup>, 2022

**Subject: Improving Road Safety at Steeles Avenue East and Reesor Road**

Dear Scarborough Community Council,

In response to safety concerns raised by residents, and municipal colleagues at the City of Markham, I am requesting that Transportation Services staff evaluate options to improve road safety at Steeles Avenue East and Reesor Road.

I ask that staff report their findings to the June 2022 Scarborough Community Council meeting, and share their findings with the City of Markham so that we can work collaboratively to implement the proposed safety improvements.

**Recommendations**

1. Scarborough Community Council request the Director, Traffic Management, Transportation Services to evaluate measures to improve road safety, including the installation of a traffic control signal and/or other intersection improvements to address sightlines and safety of road users at the intersection of Steeles Avenue East and Reesor Road and report back to SCC June 2022.
2. Scarborough Community Council request the Director, Traffic Management, Transportation Services to undertake best efforts to have City of Markham share the capital cost of installing traffic control signals and/or other intersection improvements at the intersection of Steeles Avenue East and Reesor Road and report back to SCC June 2022.

Sincerely,

Jennifer McKelvie  
Toronto City Councillor, Ward 25 Scarborough – Rouge Park
