re: Establishing Community Safety Zones on Treewood Street and Brockley Road

Summary:

There has been a lot of community concern around road safety on Brockley Road and Treewood Street, which is near David and Mary Thomson Collegiate Institute. There are many students that live nearby and walk to school and their safety is of my utmost concern. Currently these streets are not designated as Community Safety Zones.

I have had the opportunity to speak with the local residents and the Principal of the school regarding this concern and I am advocating for these streets to be designated as Community Safety Zones immediately.

Recommendations:

1. City Council designate a Community Safety Zone to be in effect at all times on Treewood Street, between Midland Avenue and Brockley Drive.
2. City Council designate a Community Safety Zone to be in effect at all times on Brockley Drive, between Lawrence Avenue East and the north end of Brockley Drive.

Yours truly,

Michael Thompson
Deputy Mayor
Councillor, Scarborough Centre
Ward 21
