Toronto and East York Community Council
100 Queen Street West
Toronto ON M5H 2N2
Dear Chair and Council Members,

RE: Follow Up - Updating Traffic Signage to Ensure Pedestrian and Public Safety on Dalhousie and Mutual Streets

During the Toronto and East York Community Council last May 2021, I submitted a motion requesting Transportation Services address missing signage and traffic violations within the Garden District boundaries specifically in the area of Dalhousie Street and Mutual Street, between Dundas Street East and Queen Street East.

Since May 2021, my office has been working closely with area residents and City Staff on the recommendations outlined in my initial motion, including convening a site walk with the City's Work Zone Coordinator and Toronto Parking Authority. With the concentration of development-related construction in the area, temporary traffic amendments are required to help improve the operations temporarily until construction is completed.

Recommendations

1. Toronto and East York Community Council direct Transportation Services to assess the feasibility of the installation of a temporary "No Standing Zone", from 53 ½ Mutual to 49 Mutual Street to prevent drivers from parking in this area during ongoing construction and report back with recommendations to TEYCC in April 2022.
2. Toronto and East York Community Council direct Transportation Services to assess the feasibility of the installation of a "Delivery Zone" on the west side of Mutual Street fronting 78 Mutual Street and report back to TEYCC with recommendations in April 2022.

Respectfully submitted,

Councillor Kristyn Wong-Tam
Ward 13, Toronto Centre
