Subject: Parking Amendments on Triller Avenue between Queen Street West and King Street West

SUMMARY

Residents on Triller Avenue between Queen Street West and King Street West are requesting that the current on-street parking moves from the west side of the street to the east side of the street to gain more parking spots. There are currently 4 consecutive accessible on-street parking spaces on the west side of the street that will be moved to other side as well. A petition showing support for the change was shared with my office and Transportation Staff.
