

Temporary Adjustments to Traffic and Parking Regulations for 2022 Canadian National Exhibition (Non-Delegated)

Date: June 13, 2022

To: Toronto and East York Community Council

From: Director, Traffic Management, Transportation Services

Wards: Ward 4, Parkdale-High Park; Ward 10, Spadina-Fort York

SUMMARY

The purpose of this report is to seek City Council's authority to enact temporary traffic and parking amendments required to enhance traffic operations and pedestrian safety during the annual Canadian National Exhibition (CNE), which takes place from August 19 to September 05, 2022, inclusive. As this staff report concerns roadways with regular Toronto Transit Commission (TTC) service, City Council approval is required.

A companion report, "Temporary Adjustments to Parking Regulations for 2022 Canadian National Exhibition (Delegated)", dated June 13, 2022, outlines the required delegated temporary parking amendments for locations without TTC Service.

RECOMMENDATIONS

The Director, Traffic Management, Transportation Services, recommends that:

1. City Council authorize the temporary traffic and parking regulations on streets in the vicinity of Exhibition Place that are impacted during the Canadian National Exhibition, identified in Attachment 2 attached to the report "Temporary Adjustments to Traffic and Parking Regulations for 2022 Canadian National Exhibition (Non-Delegated)", dated June 13, 2022 from the Director, Transportation Services, Toronto and East York District.

FINANCIAL IMPACT

Funds in the amount of \$4,000.00 are available within the Transportation Services Division's 2022 Capital Budget.

Parking meter/machine revenue, estimated to be approximately \$28,000.00, will be lost as a result of parking prohibitions required on Dufferin Street during the CNE.

DECISION HISTORY

Annually, the Transportation Services Division requests Community and City Council authority to implement a number of temporary traffic and parking regulations on various streets in the vicinity of Exhibition Place that are impacted by the CNE.

COMMENTS

Having regard for the high volume of vehicular and pedestrian traffic generated during the CNE, the temporary traffic and parking regulations as shown in the attached Attachment 2 will help maintain efficient traffic conditions in the general area of the CNE while recognizing the impacts on local residents. Traffic and parking amendments are proposed for Dufferin Street between Queen Street and Springhurst Avenue and Springhurst Avenue between between Dufferin Street and Jameson Avenue; one way traffic is proposed for Springhurst Avenue between Dufferin Street and Jameson Avenue; temporary taxi stand proposed on Dufferin Street between King Street and Thornburn Ave west side. The streets listed in Attachment 2 do have regular TTC routes. It is noted that a companion report is also submitted relating to temporary parking adjustments for the 2022 CNE for streets not served by transit routes. Approval of those adjustments is delegated to Community Council.
