### **Donlands/O'Connor and Pape/O'Connor– Traffic Agent Review**

Dear Councillor Perks and Toronto and East York Community Council,

At the January meeting of Toronto and East York Community Council, Transportation Services reported back on my request for a traffic safety review along O'Connor Drive in item TE30.24. Part of this report included an ongoing review of the Donlands and O'Connor, and Pape and O'Connor intersections, for the placement of a school crossing guard. On this month's agenda, in item 34.28, Transportation Services advises that:

*"An initial field assessment was undertaken which indicated that it would not be a suitable location for a school crossing guard. Traffic agents will be deployed to both intersections to continue the ongoing review of safety concerns and determine if any other mitigating measures are required"*

This letter includes a request for an update on the findings of the traffic agents at both intersections.

#### **Recommendations:**

1. Transportation Services report back on the findings of the traffic agents at Pape and O'Connor and Donlands and O'Connor in Q2 of 2023 to Toronto and East York Community Council.
2. Based on the ongoing review of safety concerns by the traffic agents, Transportation Services study the need for any additional traffic safety measures and Pape and O'Connor and Donlands and O'Connor and report back in Q2 of 2023 to Toronto and East York Community Council.

Sincerely,

Paula Fletcher  
City Councillor
