

June 29, 2022

Dear Chair and Members of Toronto and East York Community Council,

Re: Speed Hump Installation – Huron Street between Bloor Street West and Bernard Avenue.

Residents requested speed humps along Huron Street between Bloor Street West and Bernard Avenue.

Residents have observed an increase in local traffic and speeds. The installation of speed humps may assist in mitigating some of the cut-through traffic and make conditions safer for local vulnerable road users, including seniors and children who play, walk, and cycle on the street.

RECOMMENDATIONS:

1. Toronto and East York Community Council waive the polling requirement under the City's Traffic Calming Policy and authorize the installation of traffic calming (speed humps) on Huron Street, between Bloor Street West and Bernard Avenue.
2. Toronto and East York Community Council direct the City Solicitor to prepare a by-law to alter sections of the roadway on Huron Street, between Bloor Street West and Bernard Avenue, to install nine speed humps, generally as shown on the copy of 'Drawing Nos. 421G-4064, 421G-4065' dated June 2022 from the Director, Traffic Management, Transportation Services.

Thank you,

Councillor Mike Layton
Ward 11, University-Rosedale
