Toronto and East York Community Council  
Toronto City Hall  
100 Queen Street West  
Toronto, Ontario  
M5H 2N2

Dear Chair and Members,

**RE: Speed Bump Installation on North-South Public Lane East of Emerson Avenue North of Armstrong Avenue**

**BACKGROUND:**

My office received a request to install speed bumps on the north-south public lane east of Emerson Avenue, between Millicent Street and Armstrong Avenue in May 2020 by property owners that abut the laneway.

The laneway is utilized by both vehicles and pedestrians alike. In the last number of years there has been an increase in speeding and cut-through traffic, which has resulted in the excessive use of car horns whilst vehicles navigate the laneway, especially at the T-junction, causing a diminished quality of life.

Residents requested via petition in August 2020 that traffic calming measures (speed bumps) and No Honking signage be installed as a method of addressing these concerns. Of the residents that responded, there was unanimous support for making this change.

I am requesting that speed bumps be installed on the public lane as recommended below.

**RECOMMENDATIONS:**

1. Toronto and East York Community Council authorize the installation of speed bumps in the north- south Lane, east of Emerson Avenue, between Millicent Street and Armstrong Avenue, as shown on Drawing 421G-4104, dated June 2022, from the Director, Traffic Management, Transportation Services.
