RE: Speed Humps Installation – Hemlock Ave

To the Chair and Members of Toronto and East York Community Council:

Background:

Residents have reached out to my office with concerns about speeding along their street and requested that traffic calming measures (speed humps) be installed as a method of addressing these concerns. My office polled the homes and there was strong support from the residents for making this change.

I am requesting that speed humps be installed on Hemlock Ave between Robbins Avenue and Maughan Crescent

Recommendations:

It is recommended that:

1. Toronto and East York Community Council waive the polling requirement under the City's Traffic Calming Policy and authorize the installation of traffic calming (speed humps) on Hemlock Avenue between Robbins Avenue and Maughan Crescent; and
2. Direct the City Solicitor to prepare a by-law to alter sections of the roadway to install two speed humps on Hemlock Avenue between Robbins Avenue and Maughan Crescent for traffic calming purposes, generally as shown on the attached Drawing No. 421G-4050, dated June 2022, from the Director, Traffic Management, Transportation Services.

Sincerely,

Brad Bradford

Toronto City Councillor
