**Subject:** [External Sender] High Park - where will the monies come from?

---

Where will the \$10-15 million dollars for the proposed alterations for High Park in the next 3 years come from? Will the Park continue to deteriorate without the repairs and maintenance currently required? High Park is in need of repairs to washrooms, crumbling walls around the Duck Pond, Sunken Gardens Fountains which have not worked for years, Hillside Gardens waterfall and maintenance for nature trails and handrails.

Where did the monies come from to pay for the High Park Movement Strategy? What did it cost? \$500,000? That money could have paid to replace the speed bumps missing from 2015 and solved the speeding issue.

Closing the park to cars turns a public place into a private area for the privileged. Do we want our City to cater to the "haves" and to hell with everyone else?

The Howards deeded the park for use of all citizens.....
